Mr. Evans,

To confirm our telephone conversation of this morning, this is to inform you that Transport Canada will be reviewing the information provided by your company for the development of the proposed marina adjacent to the Songhees development. We anticipate getting back to you in writing by the week of December 17, 2007. We can then arrange to meet early in the new year to further discuss the next steps to move this proposal forward.

If additional information is required, please let me know.

Robert Prud'homme
