

ELC Explores Echo Heights

CAUTION!

This area is known to contain
poisonous plants including the Blue Columbine

The plants in this area are
poisonous to humans and animals.
Do not touch or pick the plants.
If you do, wash the area with soap
and water. If you experience any
symptoms, seek medical attention
immediately. For more information,
visit the website at www.wisconsin.gov.

KEEP TO THE TRAILS

Thank you
Friends of Cedar Boggs

CAUTION!

This area is home to many fragile plants including the Blue Camas.

The spiky grass-like shoots you see growing from the moss will become blue flowers by May. Blue Camas was once an important food source for local First Nations people and is one of the many plants in Echo Heights that are “at risk”.

KEEP TO THE TRAILS

Thank you,
Friends of Echo Heights

**GIVE
A
HOOT**

**HELP PRESERVE
ECHO HEIGHTS
FOR NOW AND FOREVER**

Write or call North Cowichan Council
before April 5 and let them know that you
want to save this special public forest.
